

Gentile Facial Plastic & Aesthetic Laser Center Launches EMSculpt NEO to Mahoning Valley

Gentile Facial Plastic & Aesthetic Laser Center is proud to announce that they have partnered with BTL Industries to launch **EMSculpt NEO** in the Mahoning Valley and Akron Ohio. **EMSculpt NEO** is the first solution in non-invasive aesthetics that eliminates fat and builds muscle simultaneously by combining two therapies into a single treatment.

Gentile Facial Plastic & Aesthetic Laser Center is a leader in Aesthetic Technology in Ohio. **EMSculpt NEO** that will help patients experience an enhanced level of results. **EMSculpt NEO** is the first FDA-cleared procedure to obliterate fat cells by combining radio frequency (RF) heating and High Intensity Electromagnetic (HIFEM) waves into one procedure. By combining these treatments into one solution, **EMSculpt NEO** provides results more effectively and quickly that can make it more economical than other body contouring technologies.

The new BTL **EMSculpt NEO** technology will give patients the muscle tone and fat reduction in the abdomen that so many patients seek. **EMSculpt NEO** will lift, firm and tone the buttocks by building the gluteal muscles, and can also build muscle and tone the biceps, triceps and calves.
